COACHES NOTES

LEANNE DUFFY

Welcome to everyone attending today's game against Halifax, especially our opponents, their players, staff and supporters.

Before the game, we also want to send our sincere condolences to Annabelle at this difficult time. Our thoughts are with you and all affected by the passing of Adrian.

Today also gives us a great opportunity to recognise the Her Game Too event. A big thank you to everyone who has played a part in making it happen - the organisers and volunteers to everyone supporting the initiative. It's a fantastic day to celebrate women's sport and the continued growth of the game.

Our approach to last week's semi-final win was very professional. We showed good discipline throughout and ultimately got the reward our work deserved. The players managed the game well in key moments, and the victory reflected what it meant to us to reach the final.

We're now all looking forward to the final

against Liverpool U21s, with the date still to be confirmed. It's something the players have earned through their efforts, and it gives us a great opportunity to finish the season with a trophy.

As for today, we know exactly what to expect from Halifax. Rob's teams are always well organised, super competitive and difficult to play against, so we're anticipating a very tough afternoon. We'll need to be fully focused and make sure we meet our standards in every aspect of the game if we want to come away with the result.

With the season now drawing to a close and just one more home game remaining after today, we look forward to seeing you all back here to finish the campaign together.

Enjoy the game.

Duff

LIVERPOOL FEDS X HER GAME TOO

Today's fixture against Halifax Women provides an important opportunity for Liverpool Fed's to stand alongside Her Game Too, a campaign that continues to promote equality, inclusion and respect across football.

Her Game Too has played a significant role in raising awareness of sexism within the game and in creating a stronger platform for women and girls to feel welcomed, valued and supported both on and off the pitch. Their work has helped drive positive change throughout football and continues to encourage a more inclusive future for everyone involved in the sport.

At Liverpool Fed's, these values are closely aligned with the principles of our club. As the women's game continues to grow, it remains vital that progress is matched by continued support, visibility and respect at every level. Partnerships and collaborations

such as this help reinforce that message and underline the importance of creating opportunities for the next generation in football.

We are proud to support Her Game Too as part of today's match and to recognise the importance of creating an environment in which everybody can enjoy football and feel that they belong within it. Football should be a space where all players, supporters, staff and volunteers are treated with dignity and encouraged to take part without fear of discrimination or exclusion.

Together, we can continue to champion a game that is open, welcoming and accessible to all.

WELCOME HALIFAX

Halifax FC Women were formed in 2013 as Brighthouse Town Ladies. Current manager Rob Mitchell, helped set the club up and guided the club from tier 6 to tier 3 where they play in the FA Womens National League Northern Premier Division.

In the first season 'Town' managed to complete an unbeaten season winning the NERWFL Southern Division. This was followed up by a runners-up spot behind Hull City after in the NERWFL Premier Division alongside lifting the League Cup.

The team went one better the following season, Halifax would lift the title after another unbeaten season. The team would also reach the final of the West Riding County Cup eventually losing out to then tier 3 side Bradford City.

A Cup runs to the third and fourth rounds followed with glamour ties against WSL sides Sunderland and Everton, giving the club a taste of what could be with the club now competing in the FA Womens National League Northern Division One alongside the likes of Newcastle United, Leeds United and Burnley.

The next two seasons saw consecutive second place finishes to Hull City and then Burnley which saw the club establish themselves as one of the stronger teams in the league.

Following the COVID pandemic the FA announced that promotion would be awarded to any club who could submit a long term development plan as well as other criteria relating to sporting merit.

RECENT HISTORY

2024/25 - 9th

The FA Women's
National League

The club was successful and was awarded promotion and would therefore compete in the FA Womens National League Northern Premier Division for the first time in their history.

Two County Cup wins in successive seasons as well as a very respectable 7th place finish was followed up by a 5th place finish the following season.

In the summer of 2023, the club rebranded as Halifax FC Women and became completely independent and self funded.

A strong second half of the 2023/24 season saw wins against Wolves and Nottingham Forest and a point against Champions Newcastle United helping the club finish in a respectable 6th place.

The club would end the season by winning another County Cup with victory over Leeds Mods. The 2024/25 season finished with another County Cup final, this time losing on penalties to winners Leeds United.
